## WEEKLY UPDATE AND NOTIFICATION OF NEW CASE

**October 19, 2020**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility and notification that we received confirmation yesterday that a staff member tested positive for COVID-19, which brings our total number of positive cases 9 (5 residents and 4 staff members). The current positive staff and residents are stable at this time. If you have any questions feel free to contact us at any time.

As you know, we have been preparing to safely allow visitors at our facility and we are so excited to for you to see your loved ones. As we previously reported, there are many factors that determine when a facility can open up for visitors, up to and including our county's COVID-19 positivity rate, residents' health status, or if there is a COVID outbreak in the facility. Unfortunately, visits will be suspended for 14-days. Routing testing will take place on a weekly basis for both residents and staff.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 574-406-6600.

Sincerely,
