

**Bell Tower Health & Rehabilitation Center**

**WEEKLY UPDATE**

**June 23, 2020**

Dear Residents and Families/Representatives,

We are happy to report that, as of today, Bell Tower Health & Rehabilitation Center has no confirmed cases of COVID-19. We continue to follow the recommendations of our health officials and practice the enhanced safety measures that are listed on our website and previous communications. We did participate in the Mandatory COVID testing for all employees on June 17, 2020. As of this present date we have not had any employee test positive.

We know the past few months have been a big adjustment for everyone, especially our residents. While our staff is working is very hard to make sure they are safe, we also want to make sure they are having some fun!

As always, please continue to check our website for updates. We will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Bell Tower Health & Rehabilitation Center at 574-406-6600

Sincerely,

*Marti Carmean*

Administrator
