

BellTower
Health & Rehabilitation Center

WEEKLY UPDATE

June 5, 2020

Dear Residents and Families/Representatives,

As we approach summer and states are starting to reopen slowly, we want you to know that the staff at the BellTower Health & Rehabilitation Center continues to work hard to prevent further spread of COVID-19 in our facility.

As of today, we have two employees that have tested positive for COVID 19 and remain off of the schedule at this time. I am happy to report that the facility remains COVID free.

In the state of Indiana, the Indiana State Department of Health has released guidelines for outdoor visitation with your loved one, please understand the facility is reviewing this new guidance and will put additional planning in place.

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 574-406-6600.

Sincerely,

Marti Carmean
